Principal's Message

Thunderbird Community,

Our T-Birds have definitely taken flight this school year! We are so very proud of our T-Birds for having grit while we continue to navigate new ways of teaching and learning together during this very unique time.

This week, your assigned Kastner point person will be reaching out to introduce themselves to you and your child. The purpose of the outreach to your child, is purely to keep the connection between students and school. Your Kastner point person will be able to answer questions your child may have or point them in the right direction of where to find events, activities, or academic and social/emotional support on campus. Our hope is you can appreciate this unique opportunity to outreach and continue to foster connections with our students during this time.

We look forward to making connections with all of you and your child.

-Mrs. May Moua
